

EIGHT STILL ARE TAKEN IN CLAY CO.

Woman Trained By Officers, But Warned Brother, Who Escaped Over Trail

Eight stills and 4,000 gallons of "still" beer, together with mash and other ingredients, have been taken by officers in Clay county, after trailing a woman through woods and ravines, leading their horses at times when the trail was so obstructed as to render riding impossible. No arrests have been made, through the efforts of a brave and persistent young woman, said to be a sister to one of the makers of liquor, who led the officers in the race for the still.

KENTUCKIAN MAY BECOME CABINET MAN

Washington, July 20.—During the visit of Gov. James M. Cox here to confer with President Wilson, Representative A. B. Rouse, of the Sixth Kentucky district, was mentioned frequently in democratic political circles as a possible candidate for Postmaster General in case Gov. Cox was elected President. In view of the fact that Kentucky was the only state except Ohio, that was instructed for the Ohio Governor, it is thought generally that, if he is elected, Gov. Cox in all probability would turn to Kentucky for one of his Cabinet members.

STATE FAIR A HUMMER

At the Blue Grass Fair, Lexington, August 13 to 18, prizes amounting to \$115,000 will be awarded, making the event the third largest event in the world. Increases in every department are shown. Not only is the \$40,000 list for fat and feeding cattle retained, but several of the minor prizes in the beef division have been augmented. The outstanding event of the horse department this year again will be the \$10,000 five-gaited saddle horse contest for the championship of the world.

AMERICANIZATION

Plans for putting into effect a permanent Americanization organization program through means of a state commission, will be completed at the second annual convention of the Kentucky Legion, which has been called by Ullric J. Bell, State Commander, to meet in Louisville, September 3 and 4.

WILHELM'S SON KILLS HIMSELF BY SHOOTING

Berlin, July 20.—Prince Joachim youngest son of the former Kaiser, shot himself. He was hurried to a hospital where he died four hours later.

LIGHTNING KILLS HORSE; OFFICER MUST NOW PAY

Washington, July 20.—Mounted Police Officer Everett Grimes, of the Chevy Chase district, will not have to make up from his own pocket the full value of the horse which was struck and killed by lightning while he was riding it on his regular beat. The authorities ruled that notwithstanding the horse was killed in the performance of duty, Grimes would have to make good the loss.

LOST—Saturday on Barnes Mill pike or between Richmond and Miles place, fob with clover leaf. Suitable reward if returned to this office. Ben Tudor. 174-21

SIX MILLION AWARD TO RAILWAY WORKERS

Immense Award Affects Every Phase Of Employment Connected With Railway Work

(By Associated Press) Chicago, July 20.—The United States Railway Labor Board today awarded wage increases of approximately 21 per cent, or \$600,000,000, to approximately 2,000,000 railway workers. The award is retroactive to May 1 this year and is about 60 per cent of the billion-dollar increase which the men sought.

Increases include passenger service engineers, firemen and helpers, 80 cents per day; conductors, baggagemen, flagmen and brakemen, \$30 a month.

Freight service—Engineers, firemen and helpers, conductors, flagmen and brakemen, \$1.04 per day.

Yards service—Engineers, firemen and helpers, 18 cents per hour, and new wage schedules for foremen, helpers and switch tenders are fixed at \$6.98, \$6.48 and \$5.04 per day.

Section hands get an increase of 15 cents an hour; labor in shops and round houses, 10 cents an hour, and all common labor around stations, 8 1-2 cents an hour.

May Be Too Late

Whether the award will stave off the threat of a general railroad strike remains to be seen. Union leaders have arranged to immediately present the award to 1,000 general chairmen who gathered here to pass on its acceptability and to arrange a referendum vote for which a month will be required.

Meanwhile, railroad officials are said to be planning to file a new rate increase to meet the award. E. T. Whiter, representative of the roads, said that an 18 per cent freight rate increase would be necessary.

The board in making the award said it had "endeavored" to fix such wages as will provide a decent living and secure for wage earners' children an opportunity for education, and yet to remember that no class of American should receive preferred treatment, and that people must ultimately pay a great part of wage increases.

RAILWAY MEN ACCEPT

(By Associated Press) Louisville, Ky., July 20.—The 12,136 railroad employees here through a spokesman approved the railroad labor board's award, saying, "Since it met our requests more than half way, it is satisfactory." The award will increase the pay from \$1,600,000 to \$1,900,000 monthly.

Campaign Plans

Louisville, Ky., July 20.—The date for the meeting of the Democratic State Central Committee to plan for the campaign has been changed to July 27 instead of July 24.

Moore Refuses National Democratic Chairmanship

(By Associated Press) Columbus, Ohio, July 20.—Governor Cox, Democratic presidential nominee, today announced that Edmund H. Moore, Ohio's national committeeman and the governor's convention manager, has definitely and finally refused the election as chairman of the National Committee with its duty of managing the national campaign.

Cox Optimistic Over Future In Kentucky

Washington, July 20.—"I am very optimistic over the prospects for a Democratic victory in Kentucky," Governor Cox told Joe Morris, of Newcastle, secretary to Congressman Cantrill. Morris, with South Trimble, of Franklin county, called on the governor at the home of former Congressman Ansberry, of Ohio, where Cox was a guest.

Urge Ratification Of The Suffrage Movement

Columbus, O., July 20.—The Democratic National Committee today unanimously adopted a resolution urging the Tennessee and North Carolina legislatures to ratify the federal woman suffrage amendment.

WEATHER FOR KENTUCKY

Fair tonight and Wednesday.

PLEDGE OF COX PLEASING TO MANY

Washington, July 20.—The pledge given by Governor James M. Cox to carry out President Wilson's League of Nations policy, if elected to the presidency, excited a variety of comment among democratic leaders here. Senator Gilbert M. Hitchcock, who led the fight for the treaty in the Senate, was pleased thoroughly with the Governor's statement. He believes that it will mean the prompt ratification of the treaty if Cox wins, and that such reservations as need to be adopted to insure ratification will not be of a nullifying character.

DEMOCRATS DEMAND OPENING OF BOOKS

Columbus, O., July 20.—Demand for an open book of campaign contributions is to be made by the Democratic National Committee before it concludes its session here.

This will come in the form of a resolution requesting United States Senator Atlee Pomerene, of Ohio, as a member of the subcommittee of the Senate Committee now investigating corrupt political transactions, to call upon Chairman W. S. Kenyon, of Iowa, for a continuous session of that body while the campaign is in progress.

The sitting is not to be continued, but the committee is to be ready to respond to summons.

TWO DAYS' SESSION IS BEING DEMANDED

Columbus, O., July 20.—While the Democratic national committee is in session here the Democratic State Committee will be in session here at state headquarters arranging for the state convention in Columbus some time in August, probably about August 17. It was thought at the outset, that the convention would occupy only one day, but there is a strong demand for a two-day session.

The "Pilgrims of San Francisco" desire an opportunity to vent their feelings on the great gathering.

Lee Harvey Of Fayette Is Killed By A Tenant

Lee Davis Harny, who was engineer in the Fayette county court house under the Fusion administration from 1909 to 1913, and who had been farming in Nelson county for some years, was shot and killed by a tenant on his farm four miles from Bardstown.

ROAD BID REJECTED

At a special meeting of the Fiscal Court Tuesday, one bid received for the improvement of the highways near Red House, was rejected, being about \$4,000 above the estimate, and the matter was referred to County Road Engineer J. G. Baxter, who will take up the proposition with the intention of having it settled amicably and within as short a time as possible.

The fact that the work was extensively advertised and that but one bid was received, was the result of the reports, was surprising to the Court, together with county officials who expected a goodly number of bids.

"There will be a way out of it," said Road Engineer Baxter, "and it will be settled, I think, and work started within a short time, for the single bidder shows a dearth of contractors able to take care of the work at this time, and it is known that this work is to be hurried."

WATER NOTICE

The water supply for the entire city will be turned off on Wednesday, July 21st, from 8 A. M. to 6 P. M. for the purpose of disconnecting the main on East Main street.

Special care should be taken with reference to fire. Richmond Water & Light Co. Incorporated

SUMMER SCHOOL TO CLOSE THURSDAY

Most Extensive and Intensive Work of Years Characterizes Close This Week

Summer school at Eastern Normal will close on Thursday with an interesting program. The session this year has been one of the most successful since the establishment of the institution, while the attendance has been a record-breaker. The faculty has been steadily engaged and the records for the summer weeks have been very beneficial, according to the statements of the instructors.

There will be a pause in the operations at the school, which have been steady for months, but work incident to the opening of the fall school will soon be under way. The work on the new dormitories will soon be started and considerable improvement work will be in evidence. There will be a slight deviation this year from the regular routine since there will be special fire drills and other physical exercises not included in the regular programs heretofore. The work closing with the summer schools has also been the most extensive as well as intensive for years. The extension work, new method of bookkeeping, correspondence and other features connected with the school add greatly to the interest, and plans are being made for the largest enrollment of students in years on and before the opening of the fall term.

KENTUCKY BLUEGRASS

Washington, July 20.—Production of bluegrass seed in Kentucky is estimated to be 450,000 bushels by the Bureau of Markets. The report indicates an acreage five to ten per cent greater and in yield 25 per cent greater than last year.

The preliminary survey made early in June had indicated an acreage this year slightly less than last.

Kentucky Sheriff Killed

Louis, Ky., July 20.—E. E. Webb, deputy sheriff of Lawrence county, is dead of wounds received in a battle with Paul Wellman, of Catlettsburg, whom Webb tried to arrest. Webb killed Wellman in the battle.

Bell County Deputy Killed Near Pineville

Pineville, Ky., July 20.—James Adams, a deputy sheriff of Bell county, was shot and killed at Wallins, Harlan county, by Jesse Jumps, a Harlan county deputy sheriff.

The killing occurred just as the Benham-Pineville passenger train pulled into the Wallins depot. It is said Adams had been drinking and had moonshine liquor in his possession.

Mrs. William Embry Dead At Red House

After an illness of many months, Mrs. William Embry succumbed at her home at Red House Monday afternoon at 4 o'clock. She had been a faithful member of the Baptist church at Red House since her early childhood. A husband and seven children are left to mourn the loss of a loving wife and mother. Also, three sisters, Mrs. Jack Cosby, of Green City, Mo.; Mrs. E. M. Forbes, of Minier, Ill.; and Mrs. Stone Butner, of Calcutt, two brothers, Horace and Ross Dozier, of Red House. Funeral services will be held at the church at Red House Tuesday afternoon at 3 o'clock. The body will be laid to rest in the old family burial ground.

TOO LATE TO CLASSIFY

WANTED—To rent five or six room house in desirable location. Telephone H. P. Conn, day 874, night 936. st mo

LUMBER FOR SALE—Oak and pine boxing and sheathing. Phone Kirsksville 1 ring on 7, or see Ray Cox. 172-4 D

LOST—Saturday evening between L. & N. passenger depot and Calcutt, a Mohawk casing and rim. Leave at the Registrar office. 174-2

Phone 391 for Cleaning and Pressing. Hill & Mattingly. 174-11

Gents' suits steam pressed for 40c. at Hill & Mattingly, over Western Union. Main street. 174-11

LOST—Monday on Winchester pike between Winchester and Richmond, one Miller and one Diamond tire, 33x4. Indiana license. Finder notify John Scott. 174-11

THE MARKETS

Cincinnati, July 20.—Steer cattle demoralized; hogs 25c higher; Chicago higher; lambs steady; Jersey steady. Louisville, July 20.—Cattle 400; slow; tops \$14; hogs 700; 25c higher; tops \$16.50; sheep 2,000; 25c lower; \$8 down; lambs \$15 and \$15.25.

RAILWAY CIRCUS ATTRACTS BIG CROWD

The Rhoda Royal Railway show held the boards in Richmond on Tuesday and there were apparently many able to "take time" to go to the circus, which accommodated a large sized crowd which was treated to an entertainment the quality of which surprised many. There was preceding this a very creditable street parade, witnessed by a large number who waited long and patiently. However, they were rewarded with several actually new features for a circus parade. A team of elephants drawing an exhibition wagon, some rare birds and animals, etc., together with regular circus music, brought the genuine circus spirit, and there is every indication of a big attendance at the night performance.

SHAMROCK LEADS BUT RACE IS NOT FINISHED

(By Associated Press) Sandy Hook, July 20.—Sir Thomas Lipton's Shamrock IV, sailed over the starting line slightly ahead of the American defender, Resolute, in today's race for the American Cup, and rounded the first mark 600 yards in the lead. But the race was not finished in the time limit.

Fertilizers For Wheat

With 16 per cent acid phosphate costing more than \$30 it becomes a question in the minds of some farmers as to whether or not it will pay to use this high priced phosphate on wheat. Prof. George Roberts, head of the Agronomy Department of Agriculture, says it will.

September Rape Crop Saves Tankage Cost

With tankage being worth approximately \$120 a ton it will be highly profitable for the farmer to sow in corn a crop of rape which can be hogged down in September and the cost of feeding tankage largely offset. From the middle to the last of July is the best time to sow rape to be hogged down in the fall.

PROPERTY SELLS WELL AT AUCTION-SALES NOW

James W. Lamb, administrator of the estate of the late C. L. Lamb, reports a most successful sale of his brother's property at the farm on the Boggs' Lane, good prices prevailing in every respect. Livestock sold, especially cows and hogs, together with household furniture, brought good prices. There is a great demand for all kinds of house furniture, Mr. Lamb stated, at the present time, as well as farming implements.

ANNUAL INSPECTION OF STATE NURSERIES IS ON

The annual inspection of Kentucky nurseries, required by the state law, has begun and it is important that those having stock entitled to inspection should notify the state entomologist at once so that their premises may be examined when the inspector is in the section of the state in which nurseries are situated.

Smut Fan Saves Money

From an insurance rate amounting to \$80 per thousand to nothing is quite a drop, but E. J. Doone, president of the Whittman County Farmers' Union, of Oakesdale, Wash., asserts that smut-collecting fans devised by the experts of the United States Department of Agriculture has done that for him. Moreover, his wheat threshed from very smutty grain sold at a discount of only 1 per cent.

YOUNG GIRL'S FIRST DRINK AND THE RESULT

A young Lexington girl, 18, went out with some young men and women on her first "party" one day last week. She was induced to take a drink of brandy—the first drink she had ever tasted. Three hours later she was taken to a hospital in convulsions. The next day she was permanently blind. The brandy was made of wood alcohol. The other members of the party only suffered slightly.

HIGH SCHOOL WORK HAS BEEN HELD UP

Contract Work May Prevent Opening On Schedule Date For Fall Term

Bids which were to have been received and contracts let for the improvement of the Madison High school Monday night were held up, and will be considered on Tuesday night, when Mr. Weismeyer, an architect for the firm of Nevin & Henry, Louisville, will be present at a meeting held and explain the extent of some of the work to be done.

This may necessitate the postponement of the opening of the high school for a week, after the last of August. However, this is not definite. The contract, which will be for the alteration of the building in various respects, additions being built and the establishment of a gymnasium, will doubtless call for the work to be started at once.

It was stated Tuesday by Superintendent J. Howard Payne, of the city schools, that the Caldwell school would be opened at the usual time, and it was yet a question whether the high school building work could be finished.

During his vacation Mr. Payne has remained in the city looking after the interests of the schools, having in mind the great amount of work of a preliminary nature, looking toward the advertising for bids, letting of the contracts and seeing about the accomplishment of the work after the contracts have been let. There will be a meeting of the board again on Tuesday night, as well as soon thereafter, at which time the members will be informed as to the progress of the work and the time required to finish the same, with the intention of getting the school under way on schedule time if possible.

WILL REFUND FINE RECENTLY ASSESSED

"A man may be down, but he is never out," according to the Salvation Army slogan, but it was neither with Chief of Police Devore, however, he was broke—financially embarrassed, in other words—and made to confess the exasperating fact in public.

It came about through a man named Payne, recently arrested, according to the records of the court, on an intoxication charge. He being unsophisticated in the art of handling matters pertaining to "getting under under," represented that he was guilty, and a fine of \$20 and costs, aggregating an outlay of \$23.60, which was assessed, was paid. Later, it seems that he met up with a friend who was a lawyer, and a change made in the plea, the man stating he was not guilty, and asked for a new trial. This resulted in his being cleared of the charge through the efforts of the attorney. The money was ordered returned, but Chief of Police Devore had just turned the receipts over to the city and admitted that he was virtually penniless. The amount was ordered paid back to Payne. It developed that the man, who was peculiarly afflicted, had been wrongfully fined, his condition having been misinterpreted.

Students Responding; Scrolls Well Under Way

The schools of the county are well under way, according to County Superintendent B. F. Edwards, a large attendance reporting at the opening Monday teachers all assuming their posts and arranging the opening studies, classes, etc., an arranging the list of books necessary for some. There is a good patronage at the book stores as result of the opening of schools, since there is usually a great demand for books at the start.

Infant Dies

Mr. and Mrs. Jack Hardin have the sympathy of their friends in the death of their infant daughter, which occurred Monday at the home of Mr. E. E. Adams. Funeral services were conducted at the grave Tuesday morning by Dr. Homer W. Carpenter.

Belgium has granted request for the exhumation of bodies of American soldiers and the work will be started soon. Some will be brought to America while others will be buried in the American cemetery in France.

CONTRACTS FOR NEW DORMITORIES

Will Be Let Immediately And Eastern Normal Capacity Will Soon Increase

Architect E. A. Webber, of Cincinnati, arrived in Richmond Tuesday and will go into conference with the executive committee of Eastern Normal, for the purpose of considering and inspecting the bids of various contractors relative to the awarding of the contract for the building of the new dormitory.

The construction of these much needed buildings, owing to the unusual demand for quarters, officers of the institution believe, will enable all students coming hereafter to obtain suitable quarters, together with the percentage which is always cared for by the residents of the city. It is the intention to get the contract work under way as soon as possible in order to complete the structures at the earliest possible date.

President Coates, of the institution, is of the opinion that many who were unable to be accommodated this term and who returned to their homes will return with the completion of the buildings. These will be modern in every respect.

PASSING OF PROMINENT WHITE'S STATION MAN

M. Jesse Maupin, a highly esteemed citizen of the White's Station section, died Sunday, aged about 55 years. Mr. Maupin was former post master at White's Station, was a devout member of the Christian church. He leaves a widow who was before her marriage, Miss McWilliams. Several children are left to mourn the loss of a devoted father.

Funeral services were held at his late residence Monday afternoon by Dr. Carpenter, burial in Richmond cemetery. A large number of friends followed the remains to their last resting place. The family and loved ones have the sympathy of many friends in their hour of bereavement.

MEMBER OF THE FEDERAL BOARD COMING HERE

A member of the Federal Board of Vocational Education, will be here in a day or two for the purpose of mapping out special work for incapacitated soldiers now at the institution. There are five at the local school. It is not known what plan he will pursue, however, it is understood there are special arrangements being made either here or elsewhere for work for the men during their vacation.

HERE FOR MORE TEACHERS

H. S. Cox, Superintendent of the Covington schools, who was in Richmond some time ago for teachers, is in the city again for the same purpose. He reports a number of vacancies in his home town, and is desirous of employing additional instructors, if possible. His second visit to Richmond would indicate that the large number of Richmond and Madison county teachers already there would have certainly made good.

CAMPAIGN TO CONTINUE

For the benefit of the automobile owners of Richmond and Madison county, who were unable to take advantage of the special offer on tires last week, the campaign will continue for a few days longer, according to the report given by Mr. Wearin, representative of Parker Tire and Rubber Company. Mr. Wearin is making his headquarters with the Richmond Welch Company. His proposition is very attractive and one that shouldn't be overlooked by car owners. Bring in your old tires and sell them for \$10 each and ride away on Parker Super Size Cord tires, guaranteed for 12,000 miles. 174-1

MAN MAKES DENIAL TO CHARGE OF LARCENY

When James Phelps, colored, was brought to the city Monday night and placed in jail as a result of having "picked up" two small spring-wagon loads of coal, he stated, he was not guilty of larceny, since he just picked up a few small pieces of coal that dropped from wagons while en route. Phelps will in all probability be given attention in the county court at the next meeting.

Poles Repulse Attack

(By Associated Press) Warsaw, July 20.—The long awaited Bolshevik attack along the Styx river in Volynia began Monday, but was repulsed by the heroic work of seven Polish divisions according to an official statement today.

WANTED—Someone to take my place on the list of Ford Motor Car Co. Cal W. T. Olds, 423 R. 172-6
